God's Gifts. Each camper and their special guest will venture into God's beautiful gift to us, in nature, friendships and in ourselves. Campers and guests will spend time together in camp activities and time apart seeking God's call on their lives. Be ready for a tremendous adventure! Our goal is to deepen the understanding of the stories of our faith and to provide an experience that moves children toward independence, resilience and confidence. At Teddy Bear camp children and adults are housed and participate in activities together. Black Bear Camp is the second step and children and adults are housed separately, but participate in activities together and separately. Polar Bear Camp is the third step and older elementary-aged children participate in a week of camp independently.
